

3 Heads

Comfortably upon the bed
There laid 3 little heads
And from a polka dot sheet
There poked 3 sets of feet
Twas 2 sisters and a brother
Laying so close to each other
Like sardines in a can
Named Stilly, Frilly, and LuAnn
Frilly was firstborn
And as loud as a horn
Stilly was born second
And just as loud I'm reckon
LuAnn was born last
With a sense of humor so vast
And though they argued and yelled
They showed their love as well
Snoring away while hugging and dreaming
Preparing themselves for more screaming
